Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Mr. Barzilay and Mr. Henry called the examiner to discuss the amended claims filed 7/24/2007. They explained that they were a new group that took over the application and hoped that the amendments would further clarify the invention and place them in condition for allowance. The examiner explained that he felt that the claims were rather broad and that allowable subject matter may be found in the embodiments of the disclosure. The examiner stated that he would call back, but after review of the claims and art of record additional conversations concerning the claims did not appear as though they would yield productive results. A detailed office action applying art of record is provided along with this summary.
